**RATION KITS DONATION ACTIVITY BY NSS UNITS OF**  
**SKNCOE, SCOE, SCOS AND NBN IN**  
**COLLABORATION WITH KARTAVYA WELFARE TRUST**  
**(DURING COVID-19 LOCKDOWN)**

As we are aware of the current pandemic situation caused by the **COVID-19**, there is a nationwide lockdown not only in India but also worldwide. So, due to this situation the mostly affected are the people who do labour work or such kind of work for which the people get daily wages. But, due to no work, the people are not getting daily wages which is ultimately resulting in their daily need of food. As they are not able to earn money, they are not able to buy themselves the food. So, to work for these people who are needy, all the NSS units of SKNCOE, SCOE, SCOS and NBN in collaboration with Kartavya Welfare Trust have stepped forward for the needy people by donating the essential food ration kits. The donation took place in overall 5 stages. In total 588 ration kits were donated in all these 5 stages. For this activity to be successful, funds in terms of money were accepted. The response was great from each and every volunteer. The total funds received were INR 180,147/-.

For this fund raising, the volunteers of NSS SKNCOE contributed whole heartedly. Total 124 volunteers of NSS SKNCOE donated the amount of INR 50,277/- in total in the funds. The stages of donation not only took place in

<b>Stage No.</b>	<b>No. of Kits distributed</b>
Stage 1(21 <sup>st</sup> April 2020)	135
Stage 2(27 <sup>th</sup> April 2020)	200
Stage 3(1 <sup>st</sup> May 2020)	119
Stage 4(3 <sup>rd</sup> May 2020)	30
Stage 5(12 <sup>th</sup> May 2020)	104
<b>Total no. of kits -</b>	<b>588</b>

Similarly, the expenses per stage are mentioned below table:

### MAKE IN INDIA

The NSS unit of Smt. Kashibai Navale College of Engineering, Pune, organized 'Make in India' activity from 3<sup>rd</sup> July to 14<sup>th</sup> July, 2020. Each and every volunteer enthusiastically participated in this activity. The main motive behind this Make in India activity was to create awareness among the people about the Indian products. In total, 64 volunteers participated in this activity.

Due to pandemic and lockdown situation, we were not able to go out and perform this activity. So, we implemented different effective ideas like making posters, using slogans and cartoons to show the current situation of Indian market and to work on it. We even have started to work on a short film titled, "Mission Make in India". The Program Officer of the unit Prof.S.P.Pingat Sir also guided the volunteers in the positive direction and encouraged all the volunteers to actively take part in the activity.

In this way, we together gave our small contribution about using Indian products and services through this activity. Make in India activity was successfully completed.

The whole event was successfully managed by taking all precautions of COVID-19.

The blood donation camp started at 9:00 am with short inauguration ceremony. The Chief Guests for inauguration ceremony were **Mr. Rafik Jamadar Sir** (Instructor NDA), **Shri Vijay Kumar Shah Sir** (Shri Vishwa Kalyan Pratishthan), **Shri Shubham Ved Pathak Sir** (Veer Vidya Academy), **Advocate**

**JEJURI WARI**

**SWACHH-WARI SWASTH-WARI NIRMAL-WARI HARIT-WARI**

Every year around 10 lakh Warkaries across Maharashtra join the procession from Alandi and Dehu to Pandharpur. They cover around 250 km in 20 days. Every year improper disposal of human waste leads to the environmental degradation of the areas surrounding the route of procession. But this year the picture was different.

At least 35,000 student volunteers from 5 different universities under the aegis of Savitribai Phule Pune University were accompanying the Warkaries and were cleaning up the villages, where the Warkaries reside. The drive is being conducted under 'SWACHH-WARI SWASTH-WARI NIRMAL-WARI HARIT-WARI' initiative by NSS students. The entire activity was held from 22<sup>nd</sup> June to 15<sup>th</sup> July, 2019.

NSS unit of Smt. Kashibai Navale College of Engineering Pune with total 41 NSS volunteers were also participated in the drive held between 30<sup>th</sup> June to 1<sup>st</sup> July 2019. Jejuri Village was allotted for SKNCOE with 7 other collages from SPPU. All arrangement of drive as well as one day stay

and meal of NSS volunteers was done by Sharadchandraji Pawar College, Jejuri.

On 30<sup>th</sup> June 2019, at 9.45 am all volunteers started their journey towards Jejuri with lot of enthusiasm and aim to contribute towards making the journey of Warkaries more fulfilling and easier. At about 1:30 pm they reached at Sharadchandraji Pawar College. After taking meal all 8 colleges were gathered on ground and biodegradable leaf plates were handover to them. Around 1.5 lakh biodegradable leaf plates were distributed by NSS volunteers among Warkaries to have their meal.

**NSS volunteers holding leaf plates for distribution to Warkaries**

On 1<sup>st</sup> July, in morning about 8 am all volunteers went to the different places in the village to collect all the waste generated. The biodegradable leaf plates were collected in separate bags. These collected leaf plates and the waste generated during the procession will be transfer into organic manure by 70 colleges and Gram Panchayat, which will distribute among the farmers.

**CASHLESS AWARENESS DRIVE**

The De-monetisation drive in India left a lot of unanswered questions after it was put in effect. Though it was a strong policy to counter fake currency and terrorism the common public was not prepared for it though there were mechanisms in place to supplement to solving the cash crunch crisis.

We as a NSS unit in these pressing times decided to help the situation by conducting a cashless transaction awareness drive in our college campus shops and those near our campus. We decided to target shops , hotels and cafes as these are the places from where cash flows through the economy at the grass root level and educating and helping these members of the cash cycle will help propagate the knowledge about cashless rather easily.

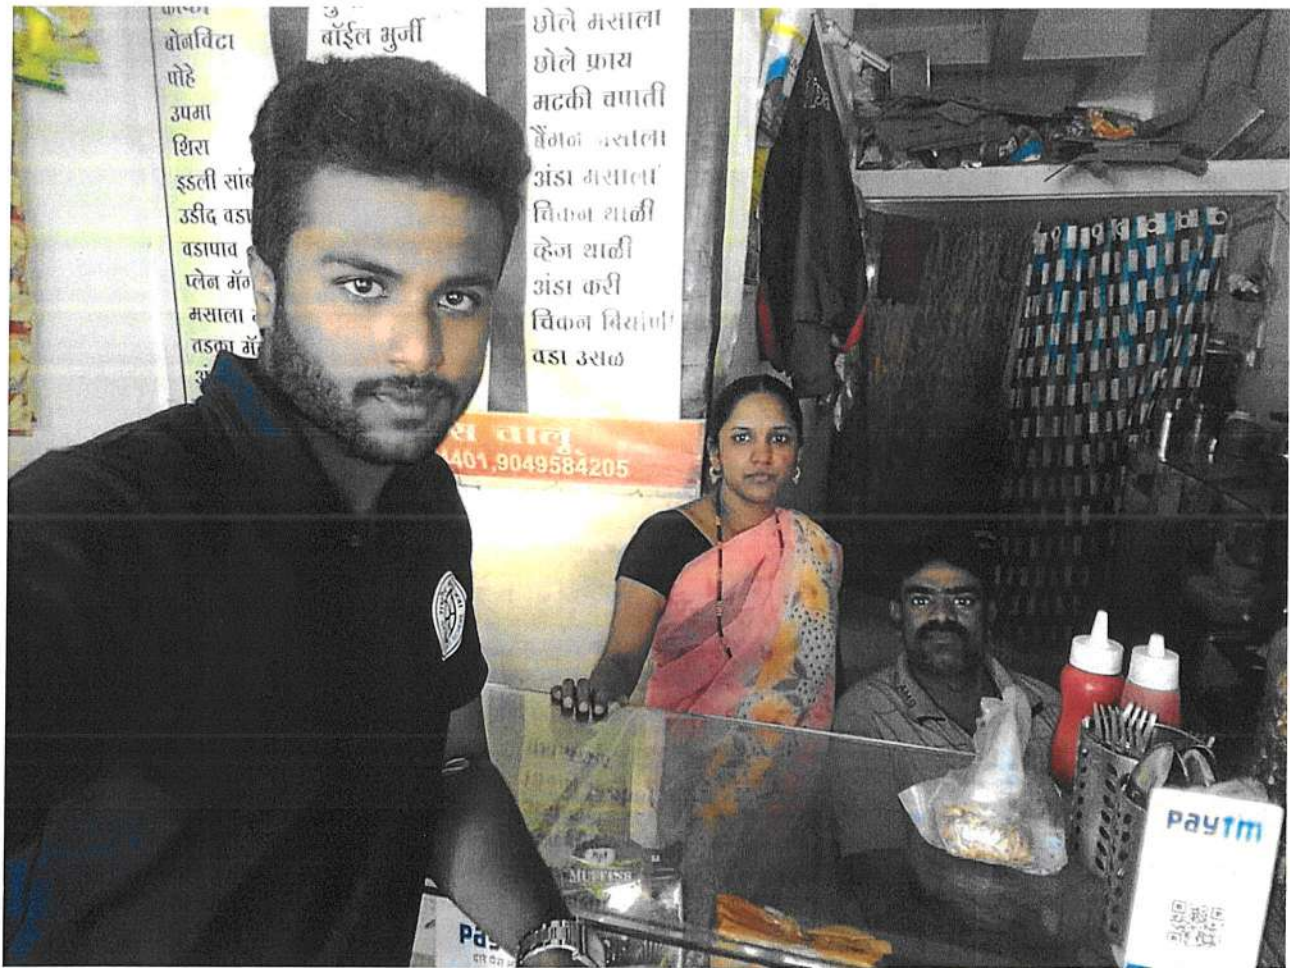

We approached shops and hotels and taught them how to use different services related to cashless transactions like paid services provided by companies like PayTM, Freecharge and MobiKwik. We also , later , spread knowledge about governmental services like BHIM and RuPay.

Almost all of these services required an active internet connection so we also recommended the newly founded “\*99#” serviec which runs completely on GSM networks and is thus more reliable and readily available.

This event was conducted on 13/01/2017. It was a special event with a lot of enthusiasm expressed from all the students as it was closely , technically related to the engineering sciences we learn in our courses.

It was especially enriching for all to get the opportunity to teach both, technically savvy and unsavvy users of cashless transaction applications and it also helped students develop both the academic as well as social aspect of their personalities.

## **Smt. Kashibai Navale College of Engineering** **National Service Scheme (NSS) 2016-17**

On the occasion of **National Youth Day**, we conducted a **Blood Donation Camp** in our college's Student Activity Center open for everyone. On the **12<sup>th</sup> of January** we started the camp at 9.00 am sharp. It was inaugurated by our Vice Principal Dr.K.R.Borole sir. Students gave a hearty response to the camp from all colleges on our campus and students from over 20 colleges donated blood. Over 200 units of blood was donated in 6 hours, ie. From 9.00 am to 3.00 pm.

We learned a lot regarding the process of blood donation and the instructions to follow while doing it or conducting such an exercise.

The doctors present at the location were from our very own Sinhgad Medical College and the blood donated was transferred to their Blood Bank which works alongside the college free of cost for everyone. This was a unique experience indeed.

## VILLAGE SURVEY

Another activity which NSS units were expected to do this year was surveying the village households to get a sense of the economic conditions and lifestyle of the village we were conducting our camp in. During this activity it was noticed that there was a large economic divide in the village and governmental schemes had not reached till enough of the villagers.

It also helped students learn how to communicate with relative strangers regarding their lifestyle and familial issues including but not limited to the family occupation, family ailments, illnesses, economic condition and housing conditions and even delicate matters like the passing away of a loved one.

It was an extremely moving and surreal experience to connect with people on a personal level when no prior introduction and relation was established. The students were thankful and obliged for this unique opportunity.

## AIM of the Camp

The aim of this camp was multifaceted and based on many varied factors which were decided based on the unit member's discussion and our teacher's inputs. Each and every event had some significance and it will be discussed adequately in this forthcoming report.

### List of activities-

1. Prabhat Feri
2. Visit to Old age home
3. Teaching at the School
4. Bandhara
5. Survey
6. Street play performance
7. Cleanliness Drive

## प्रभात फेरि

We students had decided to try and connect with the surroundings and understand problems alien to us as an urban youth. The unit felt it necessary to try and be a part of the village system to better understand the hardships the rural folk face which we as city dwellers fail to identify, acknowledge and ponder over.

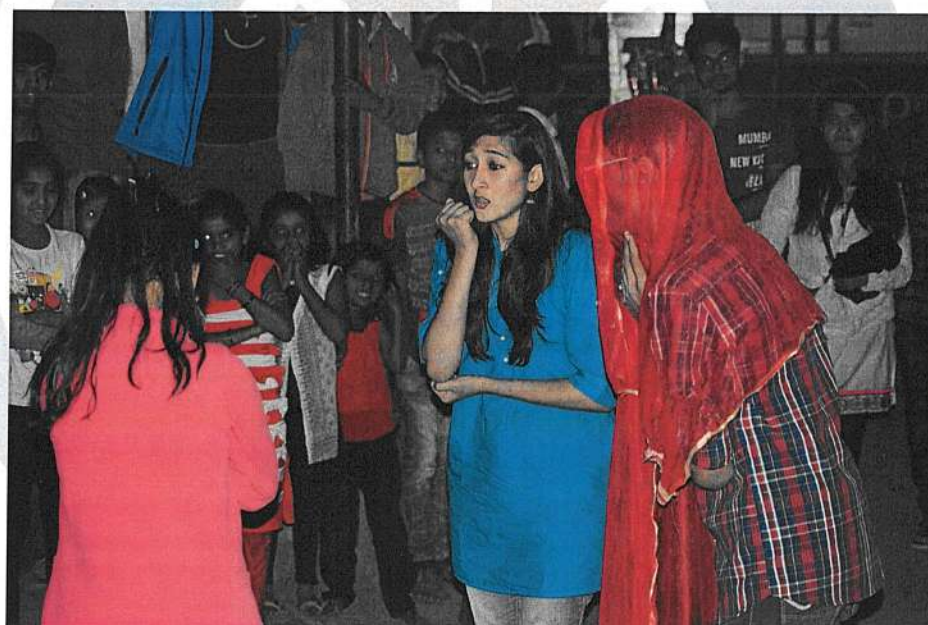

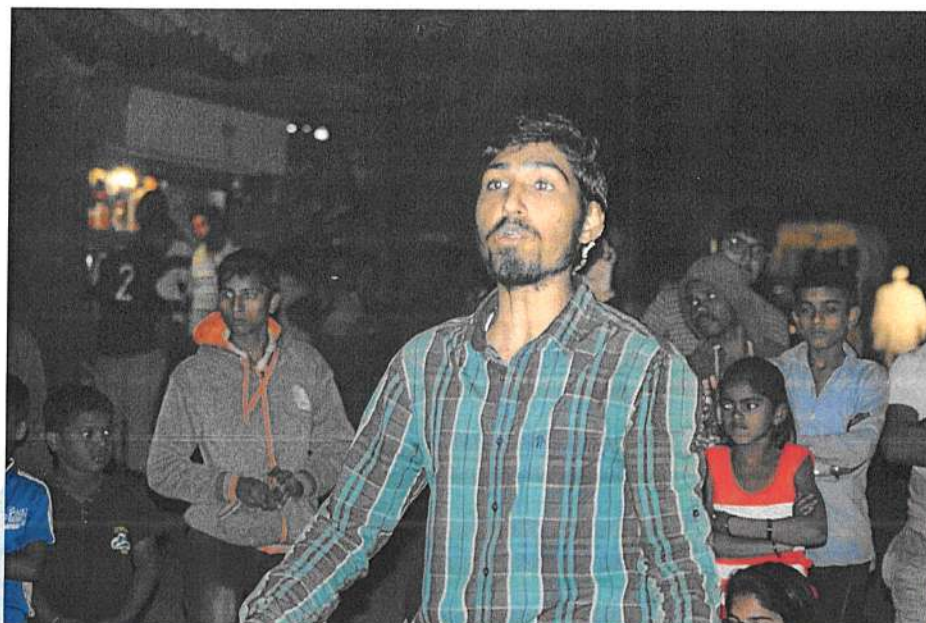

To do this and get a better idea of the general lifestyle of the villager we tried to start where the average villagers start everyday, in the morning. The aim of arranging a Prabhat Feri was to understand how different the lifestyle of the average villager was from us. As we understood that this would be the first time that we would be presented as a Unit to the village we tried to get our message of Youth Development, Cleanliness, Patriotism and Social Integration through by chanting slogans and waving placards in a disciplined and non-obtrusive rally format.

## STREET PLAY

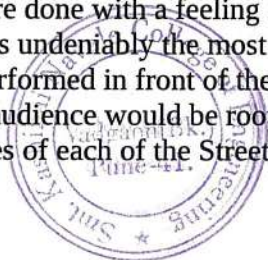

The Survey was an effective formal way to interact with the villagers on a personal level but the street play was the only effective way at our disposal to present some social issue and our suggested solution to the problem in an entertaining and gripping way. All selected social issues are issues which plague Indian Villages even today. The selected topics were

1. नशाबंदी.
2. Open Defecation.
3. Cashless India.

All the other activities which were seen up until now were done with a feeling of responsibility and dedication. This activity on the other hand was undeniably the most enjoyable of all and everybody was eager for their groups street play to be performed in front of the village community. Humour was liberally used in the script so that the audience would be rooted for the performance while infectious lyrics were designed for the rhymes of each of the Street Plays.

### **N.S.S. DAY REPORT**

24<sup>th</sup> September, 2016 was observed as N.S.S. Day by the N.S.S. Unit of SKNCOE. Cleanliness drive was conducted in the Sinhgad college campus and a visit to a school of 'Special Kids' (Nivasi Matimand Vidyalay) was organized as a part of N.S.S. Day celebration.

All the N.S.S. members assembled at the Cultural Center of the college at 11 am in the morning. Placards with various cleanliness quotes were made by the group members. General instructions were given to the members after assembling. The members were made to stand in rows and the rally began by singing the national anthem. The planned path of the rally was a loop path from C.C to C.C (Culcural Center-Amul-Pharmacy College-Lipton-SIOM-NRI Hostel Area-Science College-NBN-SKN parking-Cultural Center).

The members were holding the placards and the rally proceeded silently near the classrooms. Slogans such as "Gaon Gaon me jayenge, Bharat swaccha banayenge" were delivered near the hostel locality. During the walk various locations were spotted which were dumped with garbage, both wet and dry and full of non decomposable plastic bags. The members cleaned patches of the campus near the hostels. All the dry garbage was collected in bin bags. A large amount of waste was collected by the volunteers. After collecting the waste rally proceeded to the cultural center as planned. The national song was sung and the drive was concluded. The collected garbage was then disposed off in disposal bins.

The drive inculcated a sense of proper garbage disposal in all the students. Spectators of the rally were motivated to keep the surrounding clean. The team was appreciated by various students through applause. The message of maintaining health and hygiene was well delivered.

After the cleanliness drive the team proceeded to a school of mentally challenged students situated nearby. The students of the school belonged to the age group of 3 yrs to 15 yrs. Some of them were hyper active, some afraid to talk to anyone, some of them couldn't talk. It was agony to see such small souls with so many problems at such an early stage of life.

The team was divided in groups of 8-10 volunteers and they spent time with those kids. Discussions were made before going inside the school, the volunteers played games with the children taking into considerations their mental abilities, clicked selfies with them, gave them Smartphone to click photos which the students loved to do. The most interesting part was the dancing session. All the kids enjoyed the 1 hour spent with them by the volunteers. Volunteers distributed chocolates and fruits among the students. The innocence of those children and the fun they had was truly mesmerizing.

General guidance for the drive and the visit was given to the volunteers by Prof. Pingat sir. Around 70 volunteers were present for the event. The N.S.S Day was spent in true sense and spirit by all the members and they lived up to the motto **“NOT ME BUT YOU”**.
